Specifications

Elastic at waistband and bottom hem
Embroidered eyelets
Flat drawcords in matching body colour
Pocket lining in brushed sweatshirt

Jogger pants made from 420 gsm brushed fleece, crafted in 100% cotton for an ultra-soft touch, excellent warmth, and a solid structure that holds its shape through wear and washing.

The relaxed cut provides room and a natural drape through the thighs and hem.
Elastic waistband for a comfortable fit, tonal flat drawcord with metal eyelets for durability and a clean finish. Elastic cuffs at the ankles help shape the silhouette and frame the footwear.

Brushed fleece pocket lining adds warmth and a soft feel against the skin.

Standard production tolerances: $\pm 5\%$ in measurements and weight.
