Specifications

1x1 rib at neck collar, sleeve hem and bottom hem
Self fabric half moon at back neck

Oversized crewneck sweatshirt made from 420 gsm brushed fleece, crafted in 100% cotton for an ultra-soft touch and a solid structure that holds its shape over time.

The oversized fit provides extra room in the chest, shoulders, and sleeves, creating a bold, relaxed drape. 1x1 ribbing at collar, cuffs, and hem ensures good shape recovery and a clean silhouette, even after repeated washes. A self-fabric half-moon at the back neck reinforces this high-friction area and elevates the internal finish.

Standard production tolerances: $\pm 5\%$ in measurements and weight.
