Specifications

Elastic at waistband and bottom hem
Embroidered eyelets
Flat drawcords in matching body colour
Pocket lining in brushed sweatshirt

Jogger pants made from 320 gsm brushed fleece, crafted in 80% combed ring-spun cotton and 20% polyester for a soft touch, effective warmth, and dimensional stability through wear and washing. The pattern is designed for comfort and mobility, with a natural drape.

Elastic waistband for a secure and comfortable fit, tonal flat drawcord, and reinforced eyelets for a clean and durable finish. Pockets lined with fleece provide a warm, pleasant feel. The smooth surface is ideal for screen printing, embroidery, and heat transfer (with settings adjusted to the fabric weight).

Standard production tolerances: $\pm 5\%$ in measurements and weight.
